COMPANY PROFILE

Mr. Sanjay E. Akhed
(Director)

Mr. Sanjay N. Akhed
(Director)

Sterling Agrichem Pvt. Ltd. is a leading producer and global marketer of Agricultural Insecticide, Fungicide, Herbicide,Weedicides, House Hold and Row-material. Our strategy is to grow through incremental expansion of its existing operations and acquisitions as well as the development, commercialization and marketing of new products and international opportunities. The aim of both our directors is that every product of the company should be manufactured within the company's own factory and under its own supervision, Theirfor Every product that is sold in our market is made and sold by the company itself.

In today's age of competition every company has to engage in online business to do more and more business, which is having a huge impact on retail and wholesale business, as well as the quality of the product is deteriorating due to the mere sight of price in online business. But in this suitation our company stands with distributors and does not trade online and only trades with wholesale distributors, The company's focus is solely on promoting its business through distributors.

The demand for agricultural products is increasing rapidly. Keeping this demand in mind and increasing farm production to increase the strength of India, Sterling Agrichem Pvt. Ltd. presents the following product range :

- Insecticide
- Fungicide
- Herbicide
- Weedicides
- House Hold

Along with modern production techniques our success stems from serving our patrons by delivering quality products, on time and at right process. This eliminates the need for our clients to maintain multiple suppliers making their business both efficient and effective. We are admired because of our ability to provide fast and reliable service consistently. Quality could be a challenger for most other companies, but for us, it is our strength. And thus quality doesn't end with products; we continue the tradition of quality with our services also.

We have well trained and dedicated team of professionals having extensive experience in the manufacture of a wide range of Agro Chemicals Products. Our employees are continuously trained and update their knowledge base, to keep abreast of the changing business environment in India. Our automated plant also incorporates state of the art technology in the field of safety, manufacturing, packaging, processing, analysis and testing. Our testing and quality control labs with highly trained personnel, carry out all the prescribed tests, analytical procedures etc.
